EIGHT HUNDRED FOWLS ON EXHIBIT

Guilford County Poultry Show Began Yesterday.

NORMAL COLLEGE DAY

Considerable Interest Is Being Shown In Enterprise—Fowls of Almost Every Variety On Exhibition—Some of Prizes Awarded Yesterday and Judges Hope To Complete Work By Tonight—Today Normal Day and Tomorrow Will Be Children's Day.

The doors of the Guilford County Poultry Association were thrown open to the public yesterday morning. There are about 800 members of the feathered tribe on exhibition; the show is fifty per cent. larger and more attractive than it was last season; and it will be still greater next year, because people who are interested in poultry are coming from all over the county to attend the exhibit, and all are returning home with enthusiasm. Not only so, but it is believed that every family in Greensboro that can fence in even so much as the back yard will go immediately and zealously into the poultry business on a scale to suit their means and the space they may find it practicable to set apart for the enterprise.

Fowls of almost every known variety are on exhibition, from the lordly Langhorn to the tiny Bantam; from the mammoth bronze turkey to the Indian runner duck.

The large storeroom, 229 South Elm street, is filled with chicken coops and nearly every coop contains specimens of the feathered tribe. The birds were greatly admired yesterday by all who visited the show. The poultry association officials were warmly congratulated at their success in gathering such a fine collection of birds. The admission price is only 10 cents and the public is cordially invited.

The judges, Messrs. F. J. Marshall, of Atlanta, and R. L. Simmons, of Charlotte, and the able officials, Messrs. Nicholson and Montgomery, are hard at work placing the prizes, and by tonight all the awards will be placed and the ribbons on the coops.

The North Carolina Buff Plymouth Club is meeting here this week, and they are showing some fine specimen. Their birds are indeed warm ones—too hot to be comfortable, some of the exhibitors say. Many birds up in "G" at other shows had to "go way back and sit down," while others took their places in the "amen corner."

Among the lucky exhibitors yesterday were: O. R. McAuley, Rockingham, N. C., 1st cock, 5th cock, first and second cockerel, third pen.

J. G. Ashe, Raleigh, second cock, third cockerel, fourth pen.

C. W. Jones, Raleigh, third cock, second hen, fourth hen, fifth cockerel, third pullet, fifth pen.

Jas. N. Jeffrey, Raleigh, fourth cock, fourth cockerel, second pen.

Henry J. Hervey, Raleigh, first and fifth hen; first, fourth and fifth pullet, first pen.

R. L. Gill & Son, Spencer, N. C., second pullet.

In the white Plymouth Rock class the winners are: W. L. Abbott, Greensboro, first cock, second hen, third cockerel, third pen.

William H. Burch, Charleston, S. C., second cock, first and third hen, second cockerel, second pen.

R. L. Gill & Sons, Spencer, third cock.

J. B. Merritt, Greensboro, first cockerel, first and second pullet, first pen.

Big Oak Poultry Farm, Rockingham, N. C., third pullet.

The foregoing were all the classes listed up to the closing hour last night.

Among the visiting fanciers are H. J. Hervey, Jas. N. Jeffrey, J. G. Ashe, Raleigh; R. L. Gill, Spencer; A. A. Ray, Siler City; Judge J. A. Long, of Graham; J. M. and C. S. Cates, J. W. L. Thompson, of Burlington.

The show is great. There are fifteen counties represented, and it has been declared that the exhibition far surpasses any poultry department ever held at the fair here or at Raleigh.

Be sure to go and take the children. You will enjoy it, and at the same time you will be encouraging a legitimate enjoyable and profitable enterprise.

Today will be Normal Day and the students of the institution will inspect the birds enmasse. Tomorrow will be Children's Day and all school children in the county will be admitted free on presentation of a card given by their teacher.

FOR MRS. MIDDLETON.

Mrs. A. Haywood Alderman Entertained at "Five O'clock" Tea Yesterday.

Mrs. A. Haywood Alderman gave a "Five O'clock Tea" yesterday afternoon at her home on West Market street in honor of Mrs. Ransom Moseley Middleton.

The house was beautifully decorated with evergreens and poinsettas, representing the Christmas colors. The dining room was beautiful in the green and red—a profusion of ferns in big brass jardiniers—and was lighted with red tapers in brass holders.

The guests were met at the front door by Mrs. Will Allen, and ushered into the parlor where Mrs. Haywood Alderman, Mrs. Ransom Moseley Middleton, Mrs. S. Clay Williams and Mrs. John Kleemeir received, the brides looking beautiful in their wedding gowns. Mrs. Chas. Harrison and Mrs. Eugene Sykes stood at the door and showed them into the library where Mrs. J. P. Turner received at the door and Misses Elizabeth Adams, Annie Land, Haywood Middleton, Mrs. Chas. Ireland, Mrs. Norman Wills, Mrs. S. L. Alderman and Mrs. Myra Albright received. Mrs. Will Alderman stood at the dining room door and invited the guests in. Here Mrs. Chas. F. Alderman and Miss Elizabeth Grissom, assisted by Mrs. R. T. Wills and Mrs. Elmer Leak poured tea.

About a hundred guests called during the afternoon.

ODD FELLOWS MEET.

Golden Rod Lodge Confers First Degree For Greensboro Lodge No. 164.

At last night's meeting of Greensboro Lodge, No. 164, I. O. O. F., Golden Rod Lodge, No. 219, conferred the first degree on Mr. J. F. McGowan. There were about seventy five visitors and members present and every one expressed themselves as having seen the best work that had ever been done in 164's lodge room. The manner in which the work was put on was a credit to Golden Rod Lodge. Every man knew his part and carried it out without a hitch.

After the work was over, the lodge went into social session with refreshments and speeches. Messrs. J. W. Mills, R. H. Inman, S. E. Mays and T. S. Bangle, of Golden Rod Lodge and A. B. Taylor and T. B. Gaskins, of Buena Vista made interesting talks on the good of the order. Mr. R. L. Woodard in behalf of 164 thanked the visitors for their kindness in coming out and conferring the degree.

QUARTERLY CONFERENCE

To Be Held At Spring Garden Church Tonight—Stewards to Be Installed.

The first quarterly conference for Spring Garden Street Methodist church will be held tonight, beginning at 7:30 o'clock, by Rev. W. R. Ware, presiding elder of Greensboro district. In addition to the regular devotional and business session, the stewards for the ensuing year will be formally installed.

In addition to the officials of the quarterly conference, the entire congregation and any others desiring to do so, are invited to attend.

To Accept Deed and Decide on Plans.

The building committee for the Masonic and Eastern Star Home will meet Thursday for the purpose of accepting the deed for the site and to decide on plans for the buildings. The committee from the local lodges met last night and closed the final details regarding the passing of the deed. A number of architects will meet with the committee on Thursday and submit sketches.

It is important that Greensboro shall make a good showing, as compared with other North Carolina cities, in the number of Red Cross seals sold here during the holidays.

Don't forget to put a Red Cross seal on your Christmas package. They are one cent each. Get them at any store selling fancy goods. Every time you use one you help in the war that is being waged on Consumption.

PENSIONS FOR OLD VETERANS

Annual Appropriation is Received.

Clerk Forbis Has Over Six Thousand Dollars To Be Distributed to Confederate Veterans of County—Nearly Four Thousand For Widows of Veterans—There Are 242 Veterans in County and 147 Widows—the Distribution.

Superior Court Clerk J. W. Forbis has received from the State Treasurer at Raleigh the vouchers for the Confederate soldiers of the county, also for the widows of veterans who have passed away. The vouchers are being called for by the veterans and those that are not called for will be mailed to the veterans in a few days.

The records show that there are 242 Confederate soldiers in the county and this year these receive from the State the sum of $6,604. There are 147 widows of veterans and these receive a total of $3,822. This is a total of $10,426 for the county.

The veterans are divided into four classes. The widows are all in the fourth class. There is only one veteran in the first class, the pension being $72. There are two in the second class, the pension being $60, the total appropriation for this class being $120. There are nine in the third class, which receives $48, a total of $432. There are 230 in the fourth class, which received $26, a total of $5,980. The widows receive $26 each, a total of $3,828.

This money, coming as it does just before Christmas, is regarded by many of the veterans as a Christmas gift from the State and in a majority of the cases it enables the recipient to enjoy to a larger extent the happiest season of the year than it would otherwise be possible to do. Not infrequently the small sum has a lion's share in the work of driving the wolf from the door and sheltering these old soldiers from the chilling blasts by providing a cosy fire and warm clothing. North Carolina gives $450,000 each year to the surviving men who struggled for victory in the Southland and to the widows of those who have passed into the beyond.

HERNDON—PHILLIPS.

Greensboro Young Man Weds Graham Young Lady In High Point.

High Point, Dec. 13.—Yesterday at 1:30 o'clock Mr. William Preston Herndon, of Greensboro, and Miss Nell Edna Phillips, formerly of Graham, were happily united in marriage at the home of Rev. A. G. Dixon, this city.

The only attendants were Miss Nora M. Phillips, sister of the bride, and Mr. A. C. Thompson, of Graham.

After the ceremony the party boarded No. 22 for Greensboro, and went to their new home on Walker avenue, where they found a few of their closest friends waiting to welcome and extend hearty congratulations.

The groom, who is well known and has a host of friends in Greensboro, holds a responsible position with the Western Union Telegraph Co.

The bride is the pretty and attractive daughter of Mr. and Mrs. Bryan Phillips, of Graham, whose kindness of disposition has won for her numerous friends, who wish the happy couple a long and happy life.

Mrs. Cator's Mother Dead.

Miss Annie Cator received a message yesterday from her brother, Mr. John Cator, stating that Mrs. Cator's mother, Mrs. Branch, of Asheville, died yesterday morning at 8 o'clock in Bennettsville, S. C., where she was visiting her daughter, Mrs. Dabley. Mr. and Mrs. Cator were called from Jacksonville, Fla., to Mrs. Branch's bedside on Monday. The remains will be carried to Asheville this morning for interment.

To The Workhouse.

John Jackson was tried in Municipal Court yesterday on the charge of larceny, being held for court in two cases. He was tried in the afternoon, the jury finding him guilty in both cases. He was sent to the work house for 12 months in one case, while in the other judgment was suspended.

TWENTY YEARS IN PENITENTIARY

Will Smith Sentenced Yesterday Morning.

Through Attorney Plead Guilty To Burglary in Second Degree—Charlie Reece Gets Six Months on Roads in Two Cases—Number of Other Cases Disposed of In Superior Court—Red C Oil Case Is Continued.

In Guilford Superior Court yesterday morning Will Smith, through his attorney, Mr. T. J. Gobl, plead guilty to burglary in the second degree and Judge Lyon sentenced him to twenty years in the penitentiary. The evidence was so strong that the defense saw conviction was certain and entered a plea of guilty. Within forty-eight hours after the crime was committed the sentence had been pronounced.

Charlie Reece was found guilty of embezzlement, being sentenced to six months on the roads. In the larceny case an additional six months was imposed. Will Slade and Monroe Herbin, colored, were convicted of larceny. Herbin went to the workhouse for six months, while Slade went to the roads for a like period.

The case against the Red C. Oil Company was continued for the State.

Leonard Wall, colored, who stole a watch from Mr. J. R. Wall some days ago, was convicted and bound over to Mr. Wall for a term of two years, Mr. Wall agreeing to pay the costs in the case.

The Southern Railway Company was found guilty of blocking Sergeant's alley and a fine of $5 and costs was imposed. This is the case recently appealed from Municipal Court on the grounds that the alley was not a street. An appeal was taken to the Supreme court.

Ernest Williams was fined $15 and costs for carrying concealed weapons. P. R. Parrish was found not guilty of the charge of posting obscene show pictures.

In the case of T. A. Johnson, the colored preacher of High Point who was convicted at a former term on the charge of seduction under promise of marriage and sentenced to two years in the penitentiary, from which sentence an appeal was taken, the former judgment was confirmed, the Supreme court having ruled that the appeal was not perfect. He will now serve his sentence.

Several other cases were disposed of during the day. The sci fa docket will be called this morning.

Even the man accused of stealing a gilt mirror may plead not guilty.

Many a man isn't worth the time it takes to get the better of him.

FARMERS OF STATE ARE GATHERED HERE

RECITAL AT THE NORMAL

Miss Larrabee and Miss Hardeman Delighted Large Audience Last Evening.

Last night at the Normal College Miss Larrabee and Miss Hardeman gave to the audience at the college auditorium an evening of beautiful music, beautifully rendered. The young ladies are already artists to a large degree. Miss Larrabee is a player of fine temperamental qualities and at the same time her intellectual grasp is such that the emotional side is always under control, and responsive to her wish. She was particularly happy in the Liszt Tarantelle giving it with fiery energy and perfection of rhythm. Evidently her schooling in the Liszt style has been under the hand of a master and one who knew what and how to give of the great master. In tone and technic the player showed her careful study and sure grasp of the resources of the modern piano forte. There can be no question of the future for Miss Larrabee if she continues to progress in her beautiful art.

Miss Hardeman plays the violin con amore, with brilliancy, sure technic, and fine bowing. The dash and swing in the Gypsy music of Sarasate which was substituted for the Cradle Song by Ern, would have done credit to the master himself.

Like the pianist the violinist has the intellectual and tempermental capacities well balanced and under excellent control.

Both artists still consider themselves pupils and put in their vacation periods in serious study. The violin upon which Miss Hardeman played is an instrument nearly two hundred years old.

The following is the program as given last night:

1. Concerto in F. minor, for Violin and Piano, Vieuxtemps, Allegro, andante, allegro-allegretto. Miss Hardeman and Miss Larrabee.

2. (a) Barcarolle, Faure; (b) "Marionnettes," Stcherbatcheff; (c) Berceuse, Chopin; (d) Concert Etude, MacDowell. Miss Florence Larrabee.

3. (a) Andante—from 3rd Sonata (Violin alone). J. S. Bach; (b) Cradle Song, Ern; (c) Fantasy "Moise" on G string, Paganini. Miss Florence Hardeman.

4. (a) Gondoliera; (b) Tarantelle, Liszt. Miss Larrabee.

5. The Round of the Goblins, Bazzini. Miss Hardeman.

Face Painfully Burned.

While a customer was examining a toy pistol at Hagan's China Store yesterday morning the pistol exploded, a blank having been left in the toy. Jennings Troxler, son of Mr. and Mrs. A. M. Troxler, who is employed at the store was standing directly in front of the pistol and his face was painfully burned by the flash of powder. Fortunately his eyes were not injured.

Dr. H. Q. Alexander, President of State Farmers' Union.

Annual Session of State Union Begins Today.

FINE BODY OF MEN.

Sessions Will Be Held At State Normal College—Address of Welcome by Dr. J. I. Foust—Response by Dr. Smith of Surry—Public Invited To Opening Session—All Remaining Sessions Will Not Be Open—Number of Matters of Business to Come Up For Consideration.

All trains yesterday brought to the city farmers to attend the annual session of the North Carolina Farmers' Union and last night more than a hundred were on the scene. Fully three hundred delegates are expected before noon and in addition to the delegates there will be several hundred farmers here to attend the sessions. The officers are Dr. H. Q. Alexander, Mecklenburg, president; J. M. Templeton, Wake, vice president; E. C. Faires, King's Mountain, secretary-treasurer. They were among the first to arrive yesterday.

Every section of the state is represented and the delegation is composed of the most successful farmers to be found within the borders of the commonwealth. The arrival of such a large number on yesterday proves the interest that is taken in the work of the union throughout the state and shows that the farmers are alive to the necessity of co-operation and education, the two principal things for which the union exists.

The sessions will be held in the State Normal and Industrial College, the session this morning at 10 o'clock to be open to the public. The address of welcome will be by Dr. J. I. Foust, president of the college, and the response will be by Dr. Smith, of Surry. All other sessions will not be open to the public. The sessions will continue through tomorrow and it is possible, but not likely, that a night session will be held.

The reports of the officers will likely be made at the afternoon session and they will show that wonderful gains in membership were made during the year just closed. The financial report will show that the treasury is well filled, the amount of cash on hand being about twice as large as on last year.

Charles S. Barrett, of Georgia, president of the National Unoin, will arrive today to discuss the work. There are other prominent farmers who will take an active part in the discussions. The principal subjects to be brought up will be plans for enlarging the scope of the work and creating better facilities for agricultural education. The General Assembly will be asked to provide for county and agricultural high schools to work along the same lines as the Agricultural and Mechanical college. Other laws for bettering farming conditions will be asked for and these will be discussed at this session of the union.

Last night in the court house an enthusiastic meeting was held by the early arrivals, being in the nature of an experience meeting. A number of talks were made and many helpful suggestions were thrown out that will be of benefit to the members.

"Did you ever see so many well dressed, good looking farmers as you see on every side," laughingly remarked a prominent member of the union to a reporter last night. "And," he continued, "there will be many more of them here tomorrow; men who are taking front rank among the successful farmers of the South." The reporter could only agree, for it is indeed a fine set of men who have gathered here to discuss plans for the uplift of those who labor on the farm and development of the agricultural resources of the state. They look amply able to carry the banner of progress forward until North Carolina farmers are in the forefront in all lines of agriculture.

If you are going to get fancy work, aprons, etc., for Christmas be sure to attend the bazaar to be held by the aid society of the Christian church at Grissom-Sykes Drug Store on Friday and Saturday. Call and inspect the line on display and you may find the very thing you are looking for. 1t

BRIGHT'S DISEASE

Report—Case of Mr. B. Grimes, Clear Lake, Wis.—a well developed case, albumen nearly twenty-five per cent.—loss in weight—incapacitated, could hardly get around. Treatment changed and put on Renal Comp. Feb. 12, 1909—between six and seven weeks before improvement was noted. Case began to respond about the seventh week—improvement thereafter steady. On Aug. 15, 1909, Dr. Goodwin reported the last trace of albumen had disappeared. September 15, '09, still no albumen and patient feeling so well that the above report was sent in voluntarily.

The agent employed in the above case was Fulton's Renal Compound. Where it is administered before the heart has broken down and there is still recuperative power, Chronic Bright's Disease, even in its most stubborn and supposed incurable forms, commonly yields, and physicians are more and more discarding futile Digitalis, Nitro Glycerine, Basham's Mixture, etc., under which the deaths have doubled, and are saving lives with this treatment.

The new emollient treatment, Fulton's Renal Compound, can be had in Greensboro from Fariss-Klutz Drug Co.

We desire every patient to write us who is not noting the usual improvement by the third week. Literature mailed free. Jno. J. Fulton Co., 645 Battery St., San Francisco, Cal. We invite correspondence with physicians who have obstinate cases.

HOW TO CURE RHEUMATISM

It Is An Internal Disease And Requires An Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. RUBBING with oils and Liniments WILL NOT CURE, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fiber of rotten wood.

Science has at last discovered a perfect and complete cure, which is called Rheumacide. Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide gets at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide strikes the root of the disease and removes its cause. This splendid remedy is sold by druggists and dealers generally at 50c. and $1 a bottle. In Tablet form at 25c. and 50c. a package. Write to Bobbitt Chemical Co., Baltimore, Md. Booklet free. Tablets sent by mail.

For sale by Howard Gardner, Druggist.

THE NEW JUSTICE

Some Snapshots of Edward Douglas White, Chosen by Taft for Supreme Bench.

New York Tribune.

The new Chief Justice is regarded by the bar of the Supreme court as one of the ablest and fairest men who ever occupied a place on the nation's highest court. He was 65 years old last month. A man of very positive character, he has taken a prominent part in all the great cases which have been before the court in his time, and has written some of the ablest opinions in the leading cases decided by the court in the last 15 years.

When he was still a young man, scarcely out of his teens, his father died, leaving a mortgae of $40,000 on his plantation in Louisiana. There was a flaw in the mortgae, which young White might have taken advantage of and avoided payment. This he refused to do, and offered to give the entire plantation, a most valuable property, to extinguish his father's debt. The creditors, pleased with the young man's honest purpose, told him they would give him all the time he needed for payment. Under much discouragement, resulting from years of bad crops, he labored on until he was able to clear off the last cent of the incumbrance.

Justice White was appointed to the Supreme bench by President Cleveland on February 19, 1894. Mr. White was then serving as a member of the Senate. The message announcing his appointment reached the Capitol about 3 o'clock. Ten minutes later Mr. Caffery, Mr. White's colleague, interrupted Senator Daniel's speech on the Hawaiian question to ask for an executive session, and while the doors were closed the nominee was confirmed without the formality of a reference to any committee of the Senate.

Mr. White's career in the Senate, although short, put himwell in the front ranks on the Democratic side. In the contest over the anti-option bill he proved one of the most vigorous and outspoken critics of the demagogic sentiment behind that measure. Similarly on the fight over silver he took extreme ground against the views held by the great majority of his Southern colleagues, maintaining his belief in the single gold standard and promising his support to any and all measures necessary to maintain the national credit.

Justice White is the oldest man ever appointed Chief Justice of the United States Supreme Court. He was 65 years old last month. The ages of the other Chief Justices at the time of their appointment were as follows: Jay, 44; Rutledge, 56; Ellsworth, 50; Marshall, 46; Taney, 59; Chase, 56; Watts, 58; and Fuller, 55.

Saved From Awful Death.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetitie and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. Its the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, croup, hemorrhage-all bronchial troubles, it has no equal, 50c, $1.00. Trial bottle free. Guaranteed by Fariss-Klutz Drug Co.

FLAYS CHRISTIAN SCIENCE

Rev. Charles Fiske Calls It Illogical Senseless And Un-Christian.

Baltimore Sun.

To apply the method of Christian Science alone in curing disease was characterized as not only being useless, but criminal as well, by Rev. Charles Fiske, rector of St. Michael and All Angels' Protestant Episcopal Church, St. Paul and Twentieth streets, in a sermon yesterday morning.

Christian Science was taken up as a religion as well as from the viewpoint of its philosophy and therapeutics by Mr. Fiske. He said it is a well-known fact that a mental stimulus has hastened the processes of nature in curing nervous and functional disorders, and, while this may be very useful, all other means should be used at the same time.

"To throw everything else aside," he said, "and rely on mental power alone leads to the loss of many lives. The only truth in Christian Science is forgotten. And as to the Boston religion itself, as a system of philosophy it is illogical and senseless, and as a religion it is anti-Christian.

"Its remarkable growth can be traced in part to the appeal that its specious but grotesque unreasonableness makes to the unlearned or the half-learned; in part to the weak and wavering faith of poorly instructed Christians who are captivated by its high-sounding claims. We konw, when our conscience convinces us of sin, that sin is there. We know that disease and death are realities."

A Simple Safeguard for Mothers.

Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. Howard Gardner.

Johnny Bell fills his parents with joy,
Though the child is but seven years old,
"For," remarks this obedient boy,
A bell always does as it's tolled.

Get the Genuine Always.

A substitute is a dangerous make shift especially in medicine. The genuine Foley's Honey and Tar cures coughs and colds quickly and is in a yellow package. Accept no substitutes. Howard Gardner.

Jill—"What is there about poor little me to attract a man of the world like you?" Jack—"You are the only girl who never asked me if she was the only girl I ever loved."

Worse than an alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. It contains no opiates. Howard Gardner.

DAY 762. PHONES NIGHT 1442

A CHRISTMAS SURPRISE

By EDWARD L. SCARRON

Copyright, 1910, by American Press Association.

I am or was a telegraph operator. I had been married long enough to be the father of a small boy and know what it is to have coal bills, doctors' bills, clothing bills, grocery bills—indeed, all kinds of bills—coming in and a small salary with which to pay them. My wife proved a financial gem or I don't know how we should have made ends meet. I turned it all over to her, and she brought the ends together as well as she could. I felt that a nest egg should be started, but every time we tried to start one some of our small family was taken ill and a doctor must be called in and paid or extra clothing must be purchased or some one of the many extra necessities must be provided, and it didn't look as if that nest egg would ever be started or if it were started that it would be continued.

Then another child, a girl, came along, and what before was an even thing between salary and necessities began to be a gradual running behind.

One day a gentleman came into the telegraph office where I worked and sat down at a desk to write a message. He seemed to be doing more thinking than writing. After sitting there an hour or more he got up and went out. In another hour he came back, wrote out a message and handed it in to me.

"I should use a cipher for that," he said, "but I haven't one. You'll have to send it in plain English, as I have written it. There's no time to communicate by mail."

I counted the words, told him the cost, which he paid me, and took his departure.

I saw that the message was an important one, considered in a financial sense. It was the announcement to parties in New York that the sender had completed the amalgamation of a number of companies into one trust, provided his action were ratified by the New York parties. In order to close the deal he must explain what was proposed and get their authority to do so. It occurred to me that an operator in a financial center might sell out his secret for a big price and make a lot of money out of it. It did not occur to me to take advantage of my position to make money, for the reason that I have always been opposed to making money dishonestly. But I saw no necessity for sending the message in such form that it could be used by any except the parties for whom it was intended. We operators are used to various devices for keeping such telegrams from the public, and I knew a very simple method of sending the message whereby only those for whom it was intended could benefit by it. I sent it by this method.

In the afternoon the gentleman came in and asked if I had sent his telegram.

"Yes," I said, "I have, but not just the way you wrote it."

"How did you send it?" he asked, bristling.

"I didn't think of suggesting a safe way till you had gone out. So I acted without your authorization."

"Well?"

"I sent the first, the third, the fifth word, and so on to the end, by our company and gave the second, the fourth, the sixth, and so on by another company. Of course neither of the two dispatches alone means anything. Then I sent a third telegram telling the parties how to read the two former ones. There is a cost of 60 cents for the third message."

He stood gaping at me for a few moments till he got the scheme through his head, then pulled 60 cents out of his pocket and gave it to me.

"Much obliged," he said. "I wonder I didn't think of that myself."

He was going out when he turned and said: "Give me your name. I reckon I owe you a box of cigars for that."

I wrote my name on a telegraph blank and handed it to him, rejoicing in the prospect of getting a box of cigars, if he remembered the matter. I love cigars, but couldn't afford to smoke anything but a pipe and poor tobacco at that.

This was along in September. I pulled away on my pipe for a couple of months, hoping each day would bring the box of cigars. But they didn't come. Indeed, they never came. Things looked rather blue for Christmas that year. The children were getting old enough to expect gifts, and I wished I could give something to my wife as some return for doing all the work in lieu of a servant. One morning I received an envelope stamped "The Consolidated Copper and Lead Company." I opened it and found a certificate for a hundred shares of the stock of the said company made out in my name.

I couldn't understand what it meant or where it came from. I inquired what the stock of that company was selling at and found the last quotation to be 70. This made the shares worth $7,000. I wrote the company for an explanation, and the only explanation I got was that the stock stood in my name on the books of the company.

Then I thought of the cipher telegram and the box of cigars I never got.

I've had some Christmas comfort since then, but nothing like that which gave me the nest egg I had so long pined for.

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes," Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

TYPOGRAPHICAL UNION LABEL GREENSBORO, N. C.

Attorney General Wickersham in his annual report says that all manner of frauds have been practised on the government in past years. The trouble has lain, he says, in lax methods in the past. What, lax methods under Roosevelt! Impossible. Had there been no other way to obviate them, he himself in person would have done it.

Mr. Z. V. Turlington, of Iredell, a member-elect of the State Legislature, is quoted as saying that he believes the Legislature will promptly ratify the income tax amendment to the constitution. It is certainly to be hoped that there will be no disposition in this State to follow the example of Virginia touching the amendment. The income tax is the fairest of taxes, for it operates to put the burden of taxation where it in justice belongs—on the shoulders of those who are able to bear it. The North Carolina Legislature will do itself credit if it passes the income tax amendment as promptly as the United States Senate confirmed the nomination of Justice Edward D. White as Chief Justice of the United States, which was immediately upon receipt of the news that it had been made.

The simultaneous revival which the Ministerial Association has planned for early spring seems to have been very carefully and comprehensively thought out. If the several details of the plan are worked out as planned, the conditions for a great spiritual awakening here should certainly be made very favorable. Greensboro is essentially a church-going, Christian community, more so, we believe, than any town of its size in the State. It has a group of as progressive, earnest, consecrated and able ministers as will be found in any community in the State of the same size. And we believe it to be also true that the ministers of Greensboro have the support of as loyal a band of laymen as will be found in the State. The proposed revival and the preparations for it should have the effect of uniting and unifying the Christian fraternity of the city and of making it militant and efficient in the accomplishment of Christian work of all forms.

In New Jersey numerous individuals worked for the nomination and election of Woodrow Wilson for Governor of the State. As was quite to have been expected some of them are now wanting remuneration for their services. For instance, former U. S. Senator James Smith, Jr., thinks he has earned a return trip to Washington. Thus Dr. Wilson was early brought face to face with the problem of machine politics. He didn't shun the clash. He had promised to speak his mind on all questions that the people of his State might be called upon to settle. So with dignity and calmness and with no assumption of the right to dictate, he voiced the opinion that Mr. Smith having a record as a political boss was not a suitable man for New Jersey to send to the United States Senate. In other words, he followed the suggestions of an enlightened conscience and did what he conceived to be his duty regardless of circumstances. And it was a courageous and heartening thing to do. The spectacle of a man "hewing to the line" is always an inspiring one. Nor is the example of former Senator Smith without its lessons, though it teaches what not to do rather than what to do. It teaches that a man must be willing to discharge a public service without demanding pay. Let us have more disinterested effort for the public weal!

It takes a certain amount of cheek for a girl to blush.

TINNER HOLLY WANTS TO GET OFF THE ROADS

Supreme Court Considers Appeal—Defense Contends Court Exceeded Authority In Passing Sentence.

Raleigh, Dec. 13.—The State Supreme court is this week hearing the final arguments of the term, the adjournment to the spring or February term to take place early next week, most probably. The sixteenth district cases are being heard this week. However considerable time was devoted today to an appeal set down from a previous district, State vs. Tinner Holly, from Guilford, that is novel in several respects. The prisoner has already served one year of a five year sentence for larceny and is making a fight for his liberty on the ground that the trial judge exceeded his authority in sentencing for five years when the larceny of which he was convicted was of articles worth $10. The contention is that this degree of larceny is punishable with not more than one year sentence. There was a writ of habeas corpus hearing before Associate Justice Platt D. Walker, of the Supreme court yesterday in this case in which the justice declined to grant the writ. He is therefore not participating in the hearing before the Supreme court now. Tinner Holly is a negro and his is a "pauper appeal."

Chamber of Commerce Directors.

The directors of the Chamber of Commerce met yesterday afternoon at five o'clock, several matters being considered, but none of a public nature. Some time ago the directors appointed a committee to confer with those interested in the formation of a new county and ascertain how much of Guilford they wished to incorporate in the new county and also what disposition they wished to make of the present indebtedness of the county. This committee is now at work and has conferred with a number of the High Point people.

Thanksgiving Service At Alamance Sunday.

A Thanksgiving service will be held at Alamance church on next Sunday at 11 a. m. The collection goes to the Barium Springs Orphanage. Let those who wish to make an offering of articles of food, bedding or clothing write upon a piece of paper the donation and place it in the collection basket. If convenient let each donor bring to the church whatever is given or state on the paper placed in the basket, where to call for it, that the ladies who have the offering in charge may be able to get the things together and send off as early as possible. Pastor.

County Commissioners.

The county commissioners went out and inspected the McConnell road yesterday, or rather noted the progress being made in the work of macadamizing a portion of the road. They also inspected the stock on hand, but did not decide how many head of mules they would dispose of. There are 80 mules on hand at present and the idea is to dispose of some as the entire number will not be needed during the winter. When the weather moderates in the spring additional mules can be secured if necessary. The commissioners meet Monday to settle with the sheriff.

Death of Infant.

The seven months old infant of Mr. and Mrs. M. R. Duncan died yesterday morning at the home of its parents, east of the city, the cause of death being bronchitis. The funeral will be held from Bethel Presbyterian church today, conducted by Rev. J. A. Wilson.

SOMETHING ABOUT THE BOY SCOUTS

Purpose of the Organization Is Character Building For Boys Between Ages of Twelve and Eighteen.

"The Boy Scouts" is an organization, the purpose of which is character building for the boys between the ages of 12 and 18. It is an effort to get the boys to appreciate the things about them, and to train them in self-reliance, manhood and good citizenship. It is peace scouting these boys engage in, living as much as possible out of doors, camping, hiking and learning the secrets of the woods and fields. The movement is not essentially military, but the military virtues of discipline, obedience, neatness and order are Scout virtues. Endurance, self-reliance, self-control and an effort to help someone else, are Scout objects, every activity that lends itself to these aims is Scoutcraft.

The aim of the Boy Scouts is to supplement the various existing educational agencies, and to promote the ability in the boys to do things for themselves and others. The method is summed up in the term "Scout-craft" and is a combination of observation, deduction and handiness—or the ability to do.

Before he becomes a Scout a boy must take the Scout's Oath thus: "On my honor I promise that I will do my best. 1st. To do my duty to God and my Country; 2nd. To help other people at all times; 3rd, To obey the Scout Law."

The third of the Scout's laws says, "He must be prepared at any time to save life or to help injured persons. And he must try his best to do a good turn to somebody every day." The fifth says, "A Scout is courteous. That is he is polite to all, but especially to women and children, old people and invalids. cripples, etc. And he must not take any reward for being helpful or courteous." The eighth says, "A Scout smiles and whistles under all circumstances."

The Scouts will make a canvass for funds and it is hoped that the public will deal with them generously.

GIRLS PLAN A STROLL DOWN TO FLORIDA

What's More, the Missess Harrison and Saunders of Queens Will Start Without a Cent.

New York World.

Two young women of contrasting color scheme—one being a blonde and the other a brunette—will start the morning after New Years' for a tramp to Tampa, Fla. They will set out from No. 215 Covert street, the home of Miss Dora Harrison, the brunette, in the section of Queens known as Evergreen. The blonde is Miss Mabel Saunders, of Richmond Hill.

The two girls—the brunette is nineteen and the blonde twenty—will walk on a wager of $500 made by M. Hirschfield of Waverly avenue and Flushing avenue, Brooklyn, with Mrs. Harrison, the brunette's mother. The terms of their oral contract bind them to take with them at the start only the few cents necessary to take them over the ferries. They plan to earn their way by selling something, but what that something is neither will tell.

Tramps will have no terrors for these young women. Both are expert shots and each will carry a revolver. These will be used only for the footpad, mad dog or mouse. For the ordinary style tramp they will carry stout sticks. Hand mirrors, hair-pins, powder puff and small toilet articles wil, be carried in a small gripsack.

Their walking skirts wil come to their shoe tops and they will wear light, but warm coats and sweaters.

"Miss Saunders and I are going to win that bet for mamma," said Miss Harrison at her home yesterday, "and we're going to have all sorts of fun doing it. Both of us are good pedestrians. We haven't laid out the route for the first day, but it will certainly include a call at City Hall, where we'll ask Mayor Gaynor to give us a letter to the Mayor of Tampa.

"Fifteen miles will be the limit for any one day. We estimate we shall be in Tampa in about four months.

"Mr. Hirschfield has left it to our honor to walk the whole distance and he won't be disappointed. We'll report by postal card each evening.

Take Care!

Remember that when your kidneys are affected your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." Howard Gardner.

A Texas Definition of Snow.

Houseon Post.

It is snowing all over the North. For the benefit of the thousands of children of rose-spangled Houston who have never seen anything of the kind we will say that snow is precipitation taking the form of minute crystals of ice formed from aqueous vapor in the air and usually falling in irregular masses or flakes. It will be the chief article of diet for the depraved and devilish Republicans this winter.

Banks On Sure Thing Now.

The Christmas Spirit.

Atchison Globe.

This Chrisamos Spirit you hear so much about is, in its common interpretation, a polite way of saying "Loosen Up."

You Must Read This if You Want the Benefit.

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago.' Howard Gardner.

The buy-ways of life are filled with Christmas shoppers.

Don't suffer a moment longer with Eczema, or any form of skin or blood troubles. Don't scratch or rub the skin. Just apply Hancock Sulphur Compound to the affected spots and it will stop the itching at once, and cure the trouble permanently. One 50c bottle will cure that prevalent trouble, Common Itch. Nothing cures skin troubles so quickly as Hancock Sulphur Compound. To beautify the complexion and remove black heads and pimples, use Hancock Sulphur Ointment, 25c. Mrs. Evelyn Garst, of Salem, Va., writes: "Three years ago I had a rough place on my cheek, it would burn and itch. I was fearful it might be of a cancerous nature.. I used different preparations, but nothing ever helped it. One bottle of Sulphur Compound cured me completely. I recommend it to any one having any skin disease." The Famous Rayo

Gives the Best Light at Any Price

When you pay more than the Rayo price for a lamp, you are paying for extra decorations that cannot add to the quality of the light. You can't pay for a better light, because there is none. An oil light has the least effect on the human eye, and the Rayo Lamp is the best oil lamp made, though low in price. You can pay $5, $10, or $20 for some other lamp, and although you get a more costly lamp, you can't get a better light than the white, mellow, diffused, unflickering light of the low-priced Rayo.

THINKS DEAD SEEK PLANETS.

Souls May Pass to Mars, Says Miss Whiting, of Wellesley Observatory.

Cambridge, Mass., Dec. 13.—That heaven is nothing else than a transfer of mortal beings into spiritual forms that can walk, talk, drink, eat and sleep, much as they have done during their earthly existence, is the conclusion of Miss Lillian Whiting, a prominent writer, connected with the Welesley observatory. Furthermore, Miss Whiting asserts that the life beyond is spent on the planet Mars, or some such celestial body.

"The latest of discoveries," Miss Whiting argues, "is that the strange substance called ether is the most substantial, perhaps the only substantial, thing in the universe. After death we pass into this ethereal realm.

"There may be vehicles, like our motor cars, run by some form of electric energy. Our intellectual interests will create occupation for us as they do here.

"The spiritual body will need food and sleep, just as the physical body needs it, although it will be of a different kind."

Wants To Help Some One.

For thirty years J. F. Boyer, of Fertile, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from Backache, Nervousness, Loss of Appetite, Lassitude and Kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for Liver Trouble, Dyspepsia, Blood Disorders, Female Complaints and Malaria. The Moral Stimulus of Good Clothes.

Men grow in self respect as they wear good clothes. Their clothes earn them the approval of their fellows. In turn they are forced to grow to fill the measure of good opinion, so that, forced forward by the clothes he wears, men attain to their highest capability.—Sartorial Art Journal.

Rich Man, Married, Writes to Actress Saying He'll Wed Her.

South Bend, Ind., Dec. 13.—John C. Wagner, eccentric citizen, worth from $750,000 to $1,000,000, aged 61, and married, was arrested today as a lunatic after he had written a love letter to Miss Winifred Greenwood, leading woman of a local theatrical stock company. The note follows:

"Miss Greenwood: Today at 1 o'clock I am coming to your house to meet an actress who is going to be my wife—my consort through life and eternity. I shall bring our marriage certificate with me. Yours, JOHN C. WAGNER."

POPULATION CENTERS SHIFT.

Moves Thirty Miles West and Two Miles North, Statistics Show.

Columbus, Ind., Dec. 13.—If statistics carefully computed by former Lieut. Gov. Miller are to be accepted the new population center for the United States has moved 30 miles west and 2 miles north during the last ten years.

It is now situated, he says, in Washington township, Brown county, near the Monroe county line, in longitude 86 degrees 21 minutes 4 seconds and latitude 39 degrees 11 minutes 1 second, or in township 9 north, range 1 east.

Brown county has no railroad and has a log jail.

GUILFORD CLUB AT UNIVERSITY

Enthusiastic Meeting Monday Night At Which Organization Was Effected—Manager For Next Years Football Team.

Chapel Hill, Dec. 13.—The Guilford County Club met last night in the Y. M. C. A., for the first time this year, and an organization was effected. The following men were elected as officers for this coming year: C. R. Wharton, president; Harry Grimsley, vice president; Andrew Joyner, Jr., secretary and treasurer, and W. B. Clinard, corresponding clerk.

The club numbers about 30 men this year and is one of the largest in the University. For several years it has been the custom for the Guilford boys to organize this club but interest has been lacking in some instances. This years the club begins its work with renewed interest and a successful year is predicted for the organization.

The object of the club is to bring the Guilford county boys closer together and to help encourage other boys from the county to enter the University. The club meets regularly once a month, and each time some members of the faculty is invited to give a short address or some Guilford county man is asked to address the club.

Mr. W. F. Hendrix has been elected to manage the football team for the fall of 1911. His assistant managers have not yet been elected, owing to the fact that the Athletic Association is going to pursue a new plan of management so as to give the assistant more training before they take in charge the management of the different teams.

Carolina is organizing a basketball team this fall for the first time in her history. The game has long been wanted here, and now that the Athletic Association has taken this in charge, it will enable Carolina to be represented in this phase of athletics.
